State of Delaware: Aetna CDH Gold

Coverage for: Individual + Family | **Plan Type:** PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered healthcare services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, you can visit **www.HealthReformPlanSBC.com** or call **1-877-542-3862**. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why this Matters:
What is the overall deductible?	Network provider: **$1,500** individual/ **$3,000** family; Out-of-Network provider: **$1,500** individual/ **$3,000** family.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. In-network preventive care services, certain annual cancer screening services, female voluntary sterilization, contraceptive counseling, contraceptive devices and injectables, breast pump (one per 36 months), lactation support, and routine prenatal visits are covered before you meet your network deductible.	This plan covers some items and services even if you haven't yet met the deductible amount, but a copayment or coinsurance may apply. For example, this plan covers preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/. A State-funded Health Reimbursement Account (HRA) is available to help offset a large part of the deductible. The State funds the HRA, $1,250 for individual and $2,500 for dependent coverage levels, upon subscriber's enrollment in the Aetna CDH Gold plan at the beginning of the plan year, July 1, 2023 HRA funds are prorated in accordance with subscriber's effective date of enrollment or change in coverage tier level.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out–of–pocket limit for this plan?	For Network provider Medical: **$4,500** individual/ **$9,000** family; Network provider Prescription Drug: **$2,100** individual/**$4,200** family. Out-of-Network provider Medical: **$7,500** individual/**$15,000** family; Out-of-Network provider Prescription Drug: Not Applicable	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.

What is not included in the out–of–pocket limit?	Premiums, balance billing charges, health care this plan does not cover, coinsurance on certain services and penalties for failure to obtain preauthorization.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See **www.aetna.com** or call **1-877-542-3862** for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
