

Managing diabetes?

Extra support is here.

The Transform Diabetes Care® program is a 12-month program that helps keep your diabetes in check — at no extra cost to you. It gives you customized guidance based on your specific needs. With the **Health Optimizer™ app**, you can monitor your glucose and blood pressure; track and share readings; learn more about diabetes and maintaining a healthy lifestyle; make meals that align with your dietary restrictions; and more. To stay on track, you can get personalized support from Certified Diabetes Care and Education Specialist nurses. That's in addition to the support from your care management program.

If you're managing diabetes, you're enrolled automatically. Sit tight — program details are on the way.
