

## Summary of Verification Services

The University of Delaware is accredited by the Middle States Commission on Higher Education as a degree-granting institution at the associate, baccalaureate, masters, professional, and doctoral levels.

The University of Delaware will provide an enrollment verification to fulfill a verification request. **Current students** can obtain a verification of enrollment, projected graduation date, or Good Student Discount certificate by logging into their [UDSIS Student Homepage \(https://udel.edu/udsis\)](https://udel.edu/udsis), clicking on the Courses & Enrollment tile or the Grades & Transcripts tile, then clicking on the link for Enrollment Verification, which will direct the student to the National Student Clearinghouse.

The [National Student Clearinghouse](#) is a non-profit organization, which provides educational reporting, verification and other services to colleges and universities throughout the U.S., including the University of Delaware. As the authorized legal representative of its participating schools, the Clearinghouse is considered a primary source for enrollment, degree and attendance data and confirms this data on behalf of its participating schools to requestors without additions or changes.

The University of Delaware will also provide students or alumni with an official transcript for a fee. An official transcript is a record of a student's enrollment history at the University of Delaware and can be used to verify credit hours completed, degrees earned, GPA, good standing, or eligibility to return to the University of Delaware.
